Quote of the Day

"The universe is designed to bring you everything you need when you need it to aid you in the manifestation of anything you desire. Since it's your perspective that's translated into a vibration that attracts what you want, the basic design and purpose is to help you raise your perspective. Your perspective is being limited by certain beliefs that are not true. Thus, it falls on the universe to create events designed to allow you to see your own limitations by triggering those beliefs"
