Quote of the Day

“Attraction is the magical force that brings together all matching vibrational things in order to create the new. Once something has been brought together in this way, it exists as a new vibrational thing. The universe loves the new. It’s all about creating something that has never existed before. It is novelty. When you raise your vibration by seeing yourself as a new version of you each morning and you’re eager to see what you might discover today, you are matching the design of the universe, just as you intended.”
